## Design

The standard wall flashing is designed to make a nice finish between your roof and the wall that is next to it.

This accessory is compatible with all of the roofing panels except the Shingle.

It is pressed from ALUZINC 185 metal and available a wide range of colour in granules, satin, brilliance finish to comply with the rest of the roofing materials.

Application

A side wall flashing is for sealing the tiles at the side of the roof to the wall.
